

CHAMUNDI Left to Right
DENTAL CHAIR MOUNT UNIT

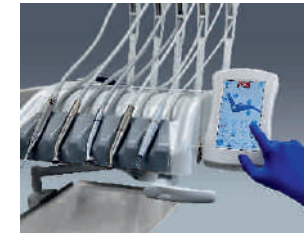

Chamundi Dental Unit Left & Right Hand Operating :

- **Programmable Dental Chair** with 6 programme, 4 programme erasable, gargle, zero.
- **5" TFT based display** having 480/800 resolution, control panel screen with option for 6 programmable chair position.
- **Memory Foam:** Seat, backrest and head rest are fitted with Most latest memory foam covered with Ultra Leather from USA.
- **Light:** Unit mount, LED ("FARO" MAIA) Operating light having On/Off & Intensity control by (un-touch) sensor.
- **Head Rest:** Having lateral left to right movement, rising and lowering, rotation on central axis with pneumatic rigid lock.
- **Hand Rest:** Euro moulded rigid, Dropping down for easy access of patient.
- **Spittoon:** Full Attachment moveable from left to right without using any tool & totally free movement, complete stable.
- **Spittoon Component:** Spittoon move automatically over the body, synchronised with gargle, and goes back to home position when the chair goes to working position. Also can be moved manually.
- Oval shaped bowl to cover more area for easy spitting, detachable spittoon, autoclavable, Special shape water component, Most graceful and clean.
- **Modular System:** Modular arm front loading moveable by 270 degree left to right with mounted on bottom of the seat.
- **Trolley Arm:** Heavy duty arm hinge with manual lock, well balanced.
- Over hanging delivery system, perfect locking by pull, stable, unlocking by pulling and leave the tubing.
- All Valves for air and water are solenoid controlled, Electrically operated 24 VDC valve for life long service.
- **NSK Brushless Optic Micromotor** - NLX Nano, fiber optic with internal spray having chipair function, supplied with NSK 1:5 speed increase contrangle handpiece having optic light and internal spray, push button type.
- **Airotor Points - 2Nos :**
 - a). Super torque Optic **NSK- Dyna LED** handpiece - 1 No
 - b). Mini head handpiece **NSK-Pico** smallest head in the world - 1 No
- 6 way syringe warm water and air - 1No. (LUZZANI Italy)
- 3 way syringe - 1No
- NSK Optic Scaler with 3 scaling tips - 1 Set
- **Multi-Function Foot Control.**
- **Wetline Cuction:** continuous rating 300 L/Minute - 1No
- **Assistant Console Moveable left to right.**
- On multi joint arm for easy accessibility with holder for high and low vacuum suction, 3 way syringe and chair control.
- **BeeCool Plus:** Light cure cordless having 2modes, **Turbo mode:** 1s, 3s, illumination 2300 -2500mW/cm, **Normal mode:** 5s, 10s, 15s, illumination 1000-1200 mw, Constant light intensity. Metal light guide, With built in intensity meter.
- **Comfort Operator's Stool:** Zero Back Ache, Having height adjustment, **Backrest:** height adjustment and has swing movement, forward and backward movement, and also fixed position, supported by pneumatic piston. It moves with body giving support and giving certain pressure all the time on the back muscle which prevents professional hazard like hunch back/ back pain which is common in dentist, this has great role to play in long time clinical practice.
