

Vascular Doppler

Functions

- Sound from built-in speaker
- **One probe of 8MHz**

Features:

- Compact and Light
- High-Sensitivity Doppler probe
- Ergonomic Design
- Clean Sound
- Easy to Use
- Low power Consumption
- Long Time to Continuous Use (6hours)

Specifications:

- **Display**
 - LCD
 - Low Battery Display
 - Signal Quality Display
- **Heart Rate Range**
 - 50~240
- **Accuracy**
 - $\pm 2\%$
- **Audio output for earphone**
- **Auto Shut-off**
 - 5 minutes
- **Auto Shut-off on signal**
 - 1minute
- **Power**
 - 1.5V Battery X 2 (Type: AA)
- **Ultrasound Frequency**
 - 2, 5, 8 Mhz
- **Battery Life**
 - 360 minutes
- **Ultrasound Intensity**
 - $< 10\text{mW/cm}^2$
- **Accessories**
 - Carrying Case
 - Battery (1.5V AA X 2)
 - Gel
- **Speaker Output Power**
 - 1.2W(Built-in Loudspeaker)
